

CVN-79 ISR/UAS Assessment

Recommended Next Steps

Simplified Trade Space

Next Steps

1. Brief other stakeholders
2. Revalidate assumptions with C2HEW WG
3. Develop onboard processing excursion
4. Develop off board sensor trade space
5. Leverage C2HEW WFG for conops, tactics, and TTP
6. Analyze PMW-170 alternatives (*first six steps ROM = ~ \$750K*)
7. Support data strategy development and execution
8. Once portfolio of options available, analyze with respect to WITTW
