NAVAL POSTGRADUATE SCHOOL

MISSION
NPS provides high-quality, relevant and unique advanced education and research programs that increase the combat effectiveness of the Naval Services, other Armed Forces of the U.S. and our partners, to enhance our national security.

VISION
As a naval/defense-oriented research university, the Naval Postgraduate School will operate as a geographically distributed educational system that provides a broad range of high-quality graduate education in support of national and international security.

The Naval Postgraduate School is a national—and international—treasure. With its rigorous curriculum, talented faculty and a diverse student body, NPS contributes greatly to enhance joint, coalition and interagency effectiveness. Knowledge and imagination are the keys to dealing with the challenges of this new era, and here at NPS those keys are forged. The School rightly boasts an illustrious past, but I am convinced that its future burns even brighter.
