

Information for Obtaining a Copy of a Thesis or Other NPS Report

NPS's Dudley Knox Library catalogs all publicly-releasable theses, technical reports, and MBA professional reports, and is therefore a good source of information about theses and reports written by NPS faculty and students. The library's general catalog, BOSUN, is accessible at <http://www.nps.edu/Library/index.html>. Information concerning thesis access can be found at <http://www.nps.edu/Library/Services/Special%20Collections/NPSTheses.html> and the same information applies to many other NPS produced reports.

Copies of the NPS quarterly, *Compilation of Theses Abstracts*, are posted at <http://www.nps.edu/Research/index.html>. The annual list of technical reports is at <http://www.nps.edu/Research/Publications/TechReports.html>.

Copies of unclassified theses or other reports that are publicly releasable may be purchased from either of the following agencies depending on whether the request is made by a federal employee or individual citizen.
