

NAVAL POSTGRADUATE SCHOOL

Commencement
Ceremony

DECEMBER 16, 2022

“We need leaders of character, leaders that speak the truth and always choose the harder right over the more convenient or expedient wrong. NPS has given you powerful tools, and we are relying on you to use them to make us stronger.”

Admiral Michael Gilday, USN
Chief of Naval Operations

“The complexity of the modern battlefield and increasing rate of change requires a highly educated force. While different, education and training are inextricably linked. Education denotes study and intellectual development. Training is primarily learning-by-doing. We will not train without the presence of education; we must not educate without the complementary execution of well-conceived training. As the 31st Commandant of the Marine Corps noted – “any mission undertaken by the Corps will flow directly from our ability both to train and educate every Marine.”

General David H. Berger, USMC
Commandant of the Marine Corps

NAVAL POSTGRADUATE SCHOOL

The Naval Postgraduate School provides an unparalleled learning and research environment. NPS is a place where operationally experienced officers from the joint services, civilians from various defense and homeland security organizations, and international students from nearly 60 countries come together to learn from, and work with, a world-class faculty focused on global security issues vital to our national security strategy.

The institution is responsive to rapidly emerging and ever-changing strategic and tactical requirements. Curricula are rigorously tailored to meet the nation's changing defense needs, while simultaneously maintaining the same high accreditation standards as civilian universities.

An NPS education extends far beyond the Monterey campus, reaching warfighters both at sea and in the field, engineers in defense laboratories, and international participants who are enrolled in distributed learning and professional education programs throughout the globe.

On any given day faculty and student research addresses critical real world requirements relevant to combatant commander and warfighter needs through a unique integration of government agencies, commercial enterprises, other notable research universities and our allies.

An NPS graduate has the intellectual know-how and the practical skills to make the most of today's resources. NPS graduates are the cornerstone for developing tomorrow's defense technologies, systems and programs.

The individual schools are accredited by the Western Association of Schools & Colleges, the Accreditation Board for Engineering & Technology, the Association to Advance Collegiate Schools of Business and the National Association of Schools of Public Affairs & Administration. Additionally, The North Atlantic Treaty Organization has recognized NPS as an Alliance-wide Partnership for Peace Education and Training Center.

...Master your future.

President

Naval Postgraduate School

Retired Vice Adm. Ann E. Rondeau was appointed as President, Naval Postgraduate School on January 29, 2019. She brings to the assignment an unparalleled record of leadership and achievement within the military and academia in the areas of education, training, research, executive development, change management, and strategic planning. Prior to her appointment, Adm. Rondeau served as the sixth president of the College of DuPage. Her most recent military position was as the President of the National Defense University, a consortium of five colleges and nine research centers in Washington, DC.

Rondeau has extensive leadership experience in significant military and educational roles. In 1985, she was selected and served as a White House Fellow in the Reagan Administration and went on to serve as the Deputy Commander of the U.S. Transportation Command in Illinois, Pentagon Director/Chief of Staff for the U.S. Navy Staff, Commander of the Navy Personnel Development Command in Virginia, Commander of the Naval Service Training Command at Great Lakes, Ill., Pacific Fleet Staff Chief of Staff in Hawaii, Commanding Officer of Naval Support Activity in Tennessee and other staff and commanding responsibilities with policy, support and student service. Rondeau retired from the U.S. Navy as a three-star admiral in 2012 and was the second woman to have achieved that rank in the Navy. She then served as a partner and later an independent consultant with the IBM Watson group.

Rondeau holds a B.A. from Eisenhower College (NY), an M.A. from Georgetown University (DC) and an Ed.D. from the College of Education at Northern Illinois University in DeKalb. She also holds an honorary Doctorate in Public Service from Carthage College (Kenosha, WI) and an honorary Doctorate in Humane Letters from Rosalind Franklin University of Medicine and Science (Chicago, IL).

She is a proud member of the Arizona State University Flag Officer Advisory Council, the National Museum of the American Sailor Foundation Board of Directors, the Military Advisory Board (under the aegis of Center for Naval Analysis), the Dwight D. Eisenhower Memorial Commission, the Chicago Regional Growth Corporation Board, Choose DuPage Board of Directors, and the Council for Higher Education Accreditation. Additionally, Dr. Rondeau serves on the Executive Board of the U.S. Navy “Education for Seapower Study” — a clean-sheet review of naval learning.

Dr. Scott Gartner

Provost and Academic Dean
Naval Postgraduate School

Dr. Scott Sigmund Gartner is The Provost and Academic Dean of the U.S. Naval Postgraduate School, Monterey, California, where he also serves as Professor of Defense Analysis. He previously held the position of Director of the Penn State School of International Affairs, where he remains a Faculty Affiliate. Gartner's interdisciplinary, multi-method, research focuses on great power conflict, international security, war and politics, counterterrorism, conflict mediation and policy assessment and is both impactful and well cited.

Gartner's publications include *Costly Calculations: A Theory of War, Casualties, and Politics*, *Strategic Assessment in War*, *International Conflict Mediation: New Approaches and Findings* and *The Historical Statistics of the United States*, in addition to articles in top journals in political science, sociology, international affairs, national security, history, military intelligence, public policy, international negotiations, and communications. His honors include the Jefferson award for the best government resource, the RUSA Outstanding Reference Award, Booklist Editor's Choice Award, Library Journal Best Reference Award, History News Network Book of the Month, and the American Political Science Association's best policy thesis award. He is past president of the International Studies Association (West) and served as a Senior Advisor for the Net Assessment of Violent Non-State Actors for a U.S. intelligence agency.

Gartner's research has been funded by the National Science Foundation, the National Security Agency, The National Counter Terrorism Center, the Folke Bernadotte Academy, the Department of Defense, the Taiwan Foundation for Democracy, and the Sloan foundation. Gartner's op-ed columns have been published in *The Huffington Post*, *USA Today*, *The Christian Science Monitor*, *The Baltimore Sun*, and many other outlets. He holds a PhD. and MA in Political Science from the University of Michigan, and BA in History and MA in International Relations from the University of Chicago.

The Honorable Carlos Del Toro

Secretary of the Navy

The Honorable Carlos Del Toro was sworn in as the 78th Secretary of the Navy August 9, 2021. As Secretary, he is responsible for over 900,000 Sailors, Marines, reservists, and civilian personnel and an annual budget exceeding \$210 Billion. His priorities include securing the training and equipment successful naval operations demand and addressing the most pressing challenges confronting the US Navy and Marine Corps – China’s naval ambitions, climate instability, Covid’s ongoing impact, and strengthening a naval culture of inclusiveness and respect.

Born in Havana, Cuba, Del Toro immigrated to the U.S. with his family as refugees in 1962. Raised in the Hell’s Kitchen neighborhood of New York City, he attended public schools and received an appointment to the United States Naval Academy, where he earned a Bachelor of Science Degree in Electrical Engineering. Secretary Del Toro was commissioned as a Surface Warfare Officer upon his graduation in 1983.

His 22-year naval career included a series of critical appointments and numerous tours of duty at sea – including First Commanding Officer of the guided missile destroyer USS Bulkeley (DDG 84); Senior Executive Assistant to the Director for Program Analysis and Evaluation in the Office of the Secretary of Defense; and Special Assistant to the Director and Deputy Director of the Office of Management and Budget – where he helped manage the budgets of DOD, the U.S. Department of State, the Central Intelligence Agency, the Defense Intelligence Agency, the National Reconnaissance Office, and the Peace Corps.

After retiring at the rank of Commander, Secretary Del Toro founded SBG Technology Solutions, Inc. in 2004. As its CEO and President, he supported defense programs across a host of immediate and long-term Department of Navy issue areas, including shipbuilding, AI, cybersecurity, acquisition programs, space systems, health, and training.

He holds a Masters in National Security Studies from the Naval War College, a Masters in Space Systems Engineering from the Naval Postgraduate School, and a Masters in Legislative Affairs from George Washington University.

Secretary Del Toro and his wife have four children and a granddaughter.

**International Student Award for Excellence in Regional or Security Studies –
Assistant Superintendent Vah Hercules-Lambert, Royal Grenada Police Force**

This award is presented to an international military officer or civilian student for academic performance evaluated in terms of overall scholarly achievement.

**Surface Navy Association's Award for Excellence in Surface Warfare Research –
LT Joshua Hudson, USN and LT Matthew Storm, USN**

This award is presented to a graduating student whose thesis topic and quality of supporting research demonstrate the greatest potential for contribution to the Surface Navy.

**Military Operations Research Society Stephen A. Tisdale Graduate Research Award –
ENS Ethan Boone, USN**

This award is presented in recognition of outstanding achievement in graduate research directed toward improving military force utilization. The primary award criterion is research which leads to demonstration of or potential for increased operating effectiveness of currently available or near-term assets.

**Department of Defense Management Faculty Outstanding International Student Award –
LCDR Robin Haller-Trost, Royal Australian Navy**

This award is presented to an outstanding international graduate based on academic achievement, thesis research, motivation, and community involvement.

**Meyer Award for Outstanding Student in Systems Engineering (Distance Learning) –
Mr. Thomas Michael Buetow, Naval Surface Warfare Center, Crane Division and
Mr. Larry D. Mannings, Naval Undersea Warfare Center, Division Newport**

This award is presented to an outstanding Department of Defense graduate of each Distance Learning Systems Engineering degree program who has demonstrated superior academic performance.
