

Apply at <http://www.nps.edu/web/admissions/apply1> and ensure that all official transcripts are received by **03 April 2021**. For more details, please visit our website <https://my.nps.edu/web/data-sciences/>

**Call for Applicants!**

**Certificate of Completion: Data Science**

**Commencing Monday 6 July 2021**

The Naval Postgraduate School is pleased to announce the fourth offering of its tuition-based Data Science Certificate beginning Summer Quarter AY2021. The certificate program is an accredited graduate program that consists of four courses, delivered one course per quarter for four quarters.

**Delivery**

Courses will be delivered via a Video-Teleconferencing (VTC) medium or Zoom for Government. Each course is scheduled for Thursdays from 1400 to 1700 Eastern time. Students must have Internet capability to access their NPS accounts, including SAKAI, which is the repository of all course materials.

**Tuition**

The tuition price is \$2500 per course for all students except active duty USMC and USN members. Active duty USMC and USN students are "mission funded" and hence their tuition is "free." Students are required to purchase books and materials.

**To apply**

Applicants should visit the <https://www.nps.edu/web/admissions/apply1> link. Look for the paragraph, "Ready to apply? Click here." The Data Science Certificate is curriculum 268. Candidates are applying for Academic Year 2021, Quarter 4 (268-214). A signed Participation Agreement is required as well as a Command Support Agreement (MOA for Navy; DD1144 all others). The application deadline, which includes receipt of all official transcripts by the NPS Admissions Office, is 3 April 2021. Eligible Applicants will be selected in the order of when their application is complete.

**Eligibility**

The program is open to all uniformed military personnel, federal civilian employees, and a limited number of defense industrial contractors. All applicants must have earned a Bachelor's degree. To be selected for admittance applicants must demonstrate a sufficient background in Mathematics, Probability, and a working knowledge of a Programming Language to meet the prerequisites of the four courses.
