
NPS Virtual Check-In

Congratulations and welcome to the Naval Postgraduate School! This page describes the check-in process for US students, which includes steps you **MUST** complete before arrival to NPS.

International Students: please visit the **IGPO** (International Graduate Programs Office) student page for more information.

Before Arrival:

- **Step 1: [NPS User ID and Password](#).** The Student Service Office will issue you an NPS user ID and password via a Welcome Aboard Letter delivered by email approximately 1 month prior to commencement of classes. NPS User ID and Password are required to access all NPS applications. The email address you designated in your admissions application will be the address used for delivery of the Welcome Aboard Letter. If your email address has changed, you must update it at the following link [NPS Online Application Form](#). If your email address is up to date but you have not received a Welcome Aboard Letter via email 1 month prior to commencement of classes, please contact the [Student Services Office](#).
- **Step 2: [Complete Virtual In-Processing](#).** Once you receive your user ID and password, you must complete Virtual In-Processing (VIP). VIP can be accomplished by completing the following:
 - a. [Update/Change Password](#). Change your 'temp-password' and create a 'password profile' to be able to self-unlock your account if it becomes locked by going to [Self-Service Password Management](#)
 - b. [Access your Email](#). Access your email via [NPS Mail365](#) (Must be accessed once/month to remain active)
 - c. [Establish Remote Access](#). To access NPS Applications from off-campus, establish a virtual desktop by using 'Cloudlab HTML Access' via the [Technology Remote Access page](#).
 - d. [Update Personal/Family Information in PYTHON](#). Once remote access is established, log-in to [PYTHON](#), click "My Profile," and update your phone number, address, and your family information. If you do not have a local address, use your current address and update once local residence is established in the Monterey area.
 - e. [Send Identification Photo](#). Send an appropriate personal photo in any working uniform to SSO@nps.edu. This photo should be a front view from the shoulders up in .jpeg format. The photo will be uploaded into PYTHON and used by faculty and staff as a means of identification.

Remote Access

NPS CloudLab

NPS CloudLab is the best method to access a wide variety of popular applications and web services via Windows virtual desktop. NPS CloudLab only requires a web browser and an internet connection.

Using NPS CloudLab you will be able to access various internal websites/applications including, but not limited to, NPS Intranet, Matlab, Python, SharePoint, Student Muster, and Student Opinion Forms (SOFs).

To use NPS CloudLab:

1. Visit <https://cloudlab.nps.edu>
2. Select CloudLab HTML Access for online virtual desktop OR
3. Select Install CloudLab Client to download VMware client (Windows or Mac) or mobile application (iOS, Android) OR
4. Non-supported web browsers, click [here](#) for instructions
5. Enter your NPS "User Name" and "Password" then click "Login"

These applications and services are delivered instantly to users via any computer or mobile device connected to a network at any location on or off campus.

Virtual Private Network

A Virtual Private Network (VPN) creates a secure connection to the NPS internal network.

NPS supports connections from the Cisco AnyConnect (SSL) VPN client, and from the Cisco VPN (IPSec) client.

Either client will allow you to:

- Access internal websites/applications including, but not limited to, the Intranet, Python, Student

Services

- Accounts & Passphrases
- Email
- Remote Access**
- Microsoft Windows
- Apple OSX
- Linux
- Computers & Printing
- Phones
- Virus Protection
- Download Software
- Sakai LMS Help
- Collaborate™
- Sharepoint

Access 'NPS CloudLab'

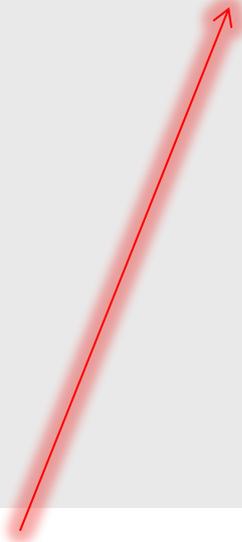

You can connect to your desktop and applications by using the VMware Horizon Client or through the browser. The VMware Horizon Client offers better performance and features.

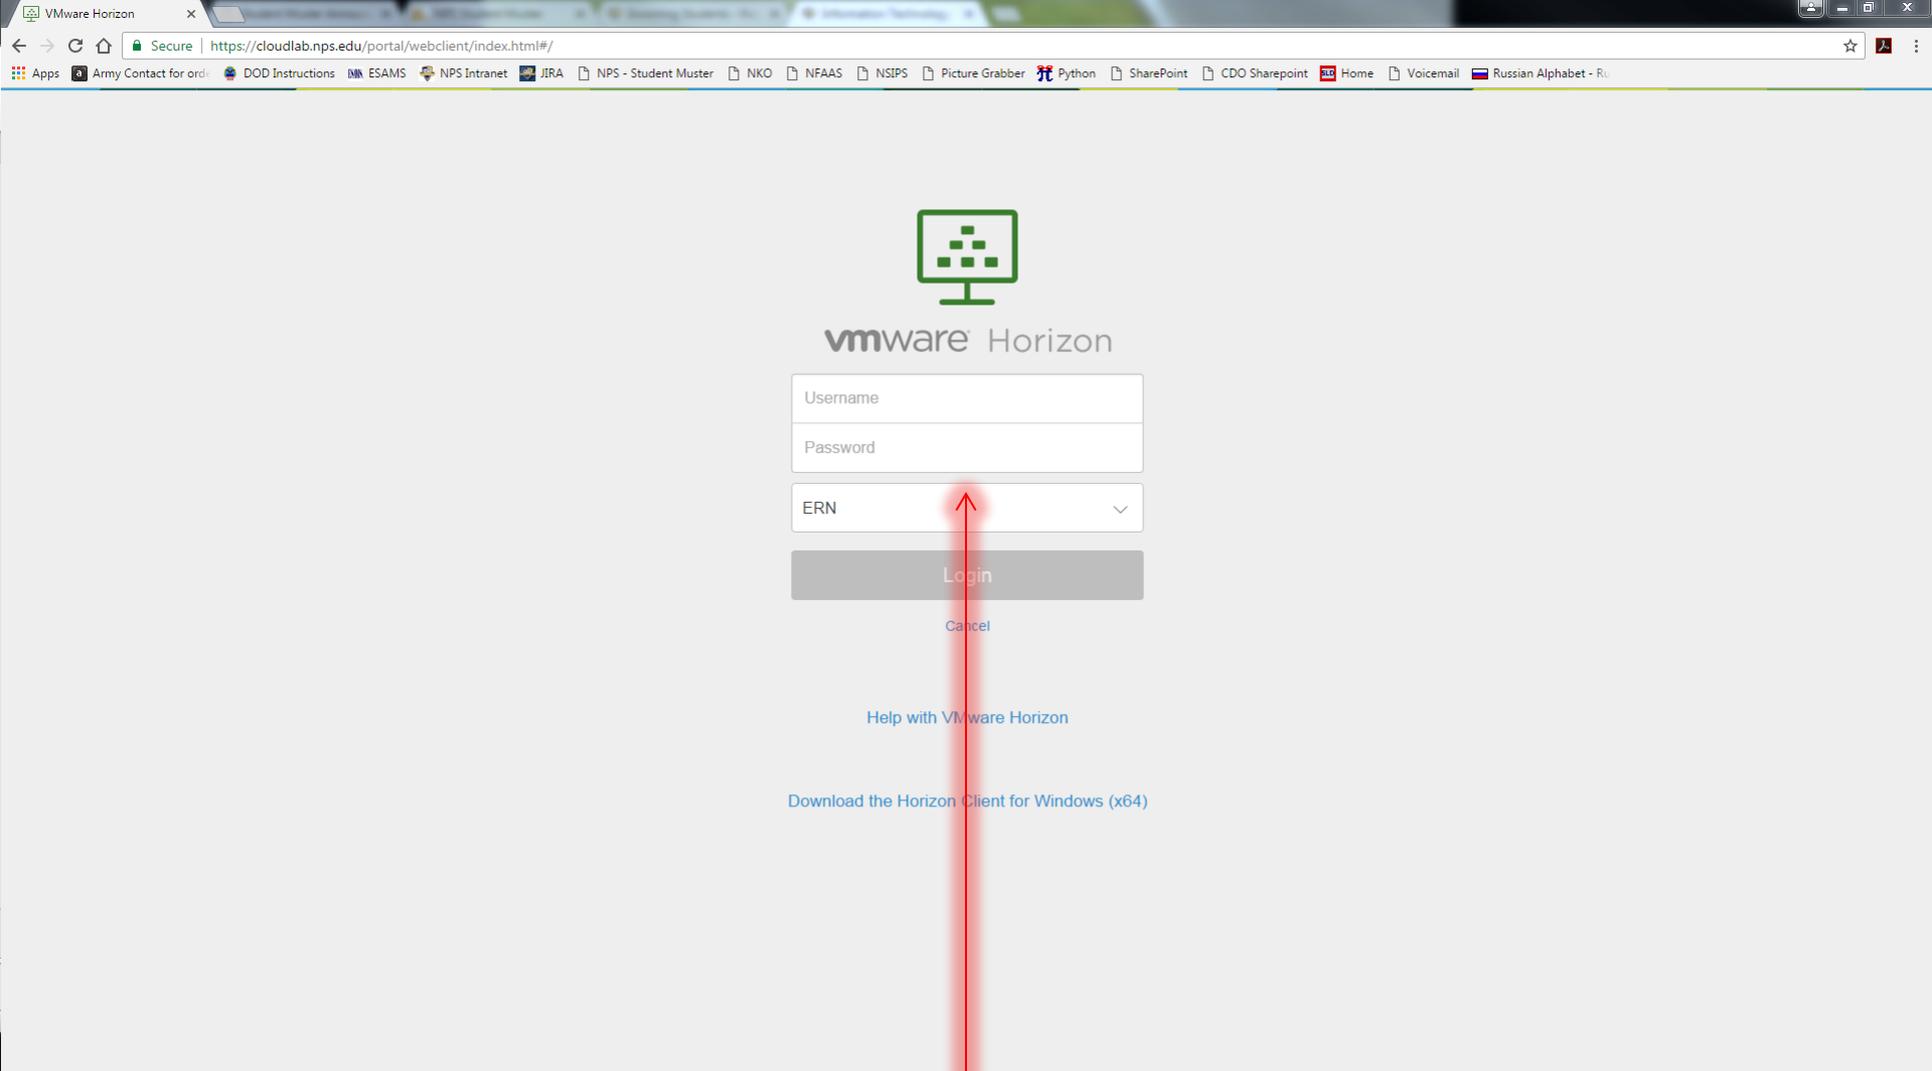

To see the full list of VMware Horizon Clients, click [here](#).
For help with VMware Horizon, click [here](#).
